SREE NARAYANA COLLEGE FOR WOMEN

KOLLAM

Report of Workshops/Seminars
conducted on Research Methodology,
Intellectual Property Rights,
Entrepreneurship, Skill Development
during the last five years

2019-2020

1. Thwasthra – a creative power

The PG students and the teachers of our department made many eco-friendly products and conducted Exhibition cum sale, **Thwasthra – a creative power**, on **March 3rd 2020**. This was an initiative as a part of one of the **Best practice** of our department.

The products made included. paper cover, paper envelop, cloth bag, cloth zip pouches of various size, purses of various sizes made from thread (crocheting), table cloth (various size), embroidered kerchief, bottle art etc.

2. Training on Cloth bag making

Department of commerce in association with Entrepreneurship Development Club organized a class for making cloth bags for students and Parents. This skill training was arranged in response to the plastic bags ban policy implemented by the state and central government on 2th march 2020.

3. Skill enhancement training programme in association with SMEC lab.

An ISO 9001:2015 certified company based in Kochi, Kerala, SMEC labs had received numerous accolades from world renowned bodies such as Microsoft, Schneider Electric, TUV Rheinland, Certiport, etc. and accreditations from national bodies such as National Skill Development Centre (NSDC), India International Skill Centre (IISC), etc.

SMEC labs continues to be among the leaders and the top preferred choice for students seeking to create a name for themselves in their respective domain through its skill development training. SMEC labs provides industry-oriented programs and trainings to enhance the skill set of students and prepare them to be industry-ready

Department of Commerce, made an initiative to coordinate one hour session with the representatives of SMEC Labs to make aware of the skill training courses offered by them. The programme was arranged on February 25, 2020 (2.15 to 3.30 pm). Mr. Ajay (Course Coordinator) made the students aware about the pioneering programs customized for the commerce graduates which would equip them with necessary skill set to utilize opportunities and respond to challenges associated with ever-changing industrial demands. The session highlighted the needs and importance of skill based learning, internships in the contemporary job market.

2. One Day Seminar on Career Opportunities after Degree

Most of the final year students go through stress and strain when it comes to career and what next during the final days of their academics. A one day career guidance seminar 'Career Opportunities after Degree' was organized by the Career Guidance cell of SNCW for the final year UG and PG students on 19th February 2020.

The first session started at 10.15am. It was conducted by Sri.M.P.Sasidharan, Director of IES Residential Training centre, Kollam. He branched out various 'Career Opportunities after Degree', mainly introducing general fields. He pointed out the role of career guidance, in a confusing period after completing graduation.

The students were given a quick tour through the job sectors known and unknown to them, by introducing and motivating them to a horizon of opportunities. He also emphasized the importance of job for women in our country's emerging economic scenario. The seminar focused on job sectors like Banking (IBPS, SBI, RBI, RRB etc.), Insurance, SSC, Civil service, Foreign jobs, PSC, other public and private sector jobs.

The seminar comprised of second and third session resumed in the afternoon. The second session was conducted by Dr. Ameena Babu V, the Head of the Department of Business Administration, Amity Global Business School Kochi. This session focused on the basics of the advanced level of preparing for a career, 'Resume Writing and Interview Skills.' The session was brief yet very informative and precise guidance for facing the interview board and preparing a resume for it. This session gave ideas about communication and presentation skills. She could make the students familiar with some of the common and advanced interview questions in a very friendly and comfortable way. The end of this informative session led to the last leg of the seminar – the third session.

The third and the final session comprised of creative and advanced job sectors that deals with latest technologies in designing. This session, 'Careers in Design Industry', was conducted by Sri. Vipin V, Academic Head of Institute of Art and Design, Image Creative Education, Kollam. This session gave ideas about different fields of designing such as communication design, fashion design, product design and new media design. This session evoked curiosity and interest in young minds regarding wide opportunities in Animation, Interior designing, Fashion designing , VFX etc. where they can apply their creativity with advanced technologies in the day to day common applications and software available at our finger tips. The seminar was a great success which provided ample information about a galore of opportunities waiting for graduates.

3. Seminar on passionpreneur culture: Exploring new horizons in career prospects

As a part of PANLORE 2020, Department of Commerce organized a seminar on ‘Passionpreneur culture: Exploring new horizons in career prospects’ on 6th February 2020. Mr. Jacob Mathew (Recipient of Best Trainer Award by Bisgate, Kerala) was the resource person. 130 participants including faculty members and students were attended the programme.

Sir / Madam,

In obeisance to the great saint and seer Sree Narayana Guru, our college was established in 1951 by the SNDP Yogam as a premier institution of higher education and learning for women in Kerala. Sree Narayana College for Women, Kollam aims to accomplish the high ideals of our great Guru which upholds "Enlightenment through Education" and views education as an instrument of socio-economic progress, material advancement and political, moral and ethical development.

We are very glad to announce the launching of a Novel academic venture to acquaint the students, faculty and supporting staff with various branches of knowledge by organizing a series of seminars Panlore 2020. It aims at sharing knowledge and to providing common ambience for students, scholars and faculty to exchange and evolve ideas of contemporary relevance. Brain storming sessions of academia, historians and scientists would illumine the day long sessions.

The principal, staff and students of Sree Narayana College for Women have the honour of inviting you to be a part of this academic pursuit. Anticipating your wholehearted co-operation and unstinted support to make this venture a grand success.

With Regards

Dr.K. Anirudhan

7. Art Exhibition on ‘Mystic Hoops-Catch Your Dreams at Affordable Price’

Second year BSc chemistry students organized an art and craft exhibition, “Mystic Hoops-Catch Your Dreams at Affordable Price” on 1st January 2020. The exhibition was inaugurated by respected Principal Dr. K. Anirudhan. He spoke on the importance of arts and crafts in our life and also said that it should be appreciated at very large scale in colleges. The crafts “Dream catchers were made by Preethi Raj and Ashiya and glass paintings by Lekshmi J B of II BSc Chemistry. Teachers and students of all the departments visited and bought the craft items. The highlight of the exhibition was that all the items could get at affordable price. All the items were moved fast and the students got large number of orders and they are planning to conduct the exhibition on large scale.

8. Orientation class on Tally Software

Department of Commerce organized an Orientation class on TALLY software on 6th December 2019. The programme was arranged at college Digital Hall. Resource person was Abhilash G (Managing Director, Cyberia Softwares private ltd, Kollam) and he discussed about the need and importance of Tally software and its practical application in trade and commerce.

9. Workshop on paper Bag Making

On 11/03/2019, the Environmental club organized a workshop on “paper bag making”. This training workshop was not meant merely to teach students how to learn skills and earn some money; but it’s all about our commitment to the environment and saving our planet from the biggest menace (plastic). Ms. Jisha.S (Environmental club Coordinator) welcomed the resource person and the participants and explained the objectives of the training. Dr.Rekha V.V (Assistant Professor, Dept. of Home Science, S.N. College for women, Kollam) was the resource person for this workshop.

During the training the participants learnt to make different kinds of paper bags. Since paper bags cannot be used for carrying heavy items, she also taught to make nylon fabric bags which are more durable. Apart from teaching the bag making process, the resource person also discussed its marketing aspects. The participants dedicatedly learnt the skills. Ms.Vismaya Vimbi (student co-ordinator) proposed the vote of thanks at the end.
