Sree Narayana College for Women, Kollam

Certificate Course on Capacity Building in IT for Girls

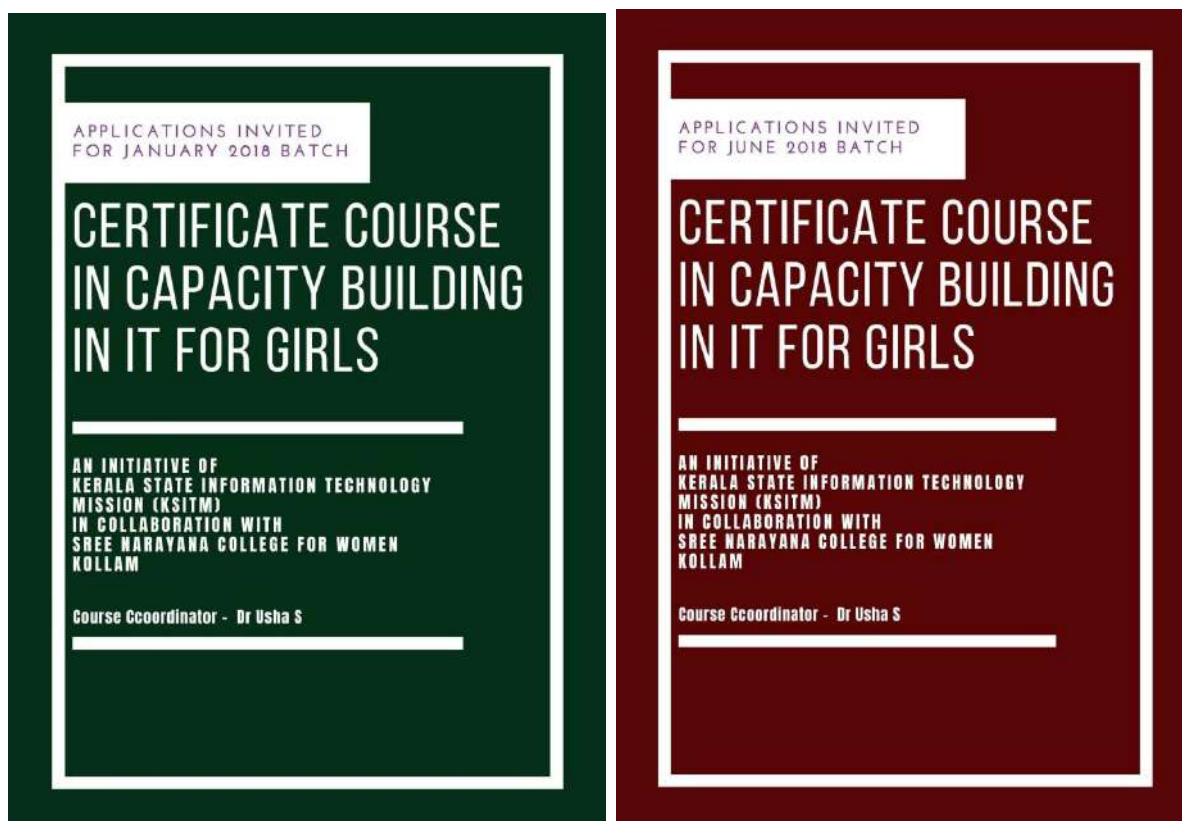

Report 2017-18

Developing soft skills for the graduating students was found to be more useful for employability in the various sectors of organizations. With this background, the Kerala State Information Technology Mission (KSITM), KSITM came up with a novel initiative to equip Degree students with more IT skills thereby making them readily employable. This scheme is jointly implemented by Sree Narayana College for Women, Kollam and Kerala State IT Mission. The name of the course is “Capacity Building in IT for Girls”. Here we concentrate in pursuing computer skills for our girls which will equip them with skills which can be further utilized for their higher development in career.

After getting permission from the Manager, S N Trusts, the course started on January 1st, 2018. A project monitoring committee was constituted for the course with Principal Dr Sherly P Anand as the chair person. The coordinator was Dr. S Usha, Assistant Professor, Department of Zoology, Sree Narayana College for Women, Kollam. A few members from various department were selected in the committee. They were Dr. Nisha J Tharayil (HOD, Physics), Dr Hemalatha T (HOD, Hindi), Ms Aswathy R (Economics, Co convener), Mr Vishnu (Co convener, IMB) Mr Mahesh (HOD, Maths) and Ms Seema Gopinathan (Home Science).

The hands-on training was carried out in the IT mission funded computer room equipped with 15 computers. Duration of the course was 120 hours and was meant for different streams of Degree students in our college. The syllabus was framed by Dr S Usha and the committee approved the syllabus. The resource persons from various departments handled the classes before and after the regular class time and on holidays.

Applications were invited from First and Second year degree students based on their marks secured in higher secondary examination. Preference is given to students belonging to socially backward communities. First batch commenced on January with a student strength of 23 beneficiaries. Second batch started on June with 18 students and was followed by a special batch on October comprising of 8 students.
